

## Kaiser Sepsis Calculator- Integration Feedback

---

Questions	Answers
What is your role in using the Kaiser Sepsis Calculator (KSC)?	
How do you identify those infants a KSC should be run on?	
Where do you find the KSC (or smart-phrases) in the EMR to document on it?	
Approximately what time after delivery do you run the KSC?	
What do you do with the score that is populated?	
What is one thing you would change about this process?
